LeetCode — Portfolio — Palakkad, Kerala – 679502

Professional Summary

Full Stack Developer with hands-on experience building responsive, scalable web applications using React.js, the MERN Stack, FastAPI, Python, MongoDB, and MySQL, with practical exposure to Generative AI application development. Skilled in RESTful APIs, JWT authentication, NLP-driven data pipelines, and database-driven solutions, with a strong foundation in CRUD operations, debugging, and Agile methodologies. Completed a Software Engineer Internship focused on Generative AI at Thought Minds Systems Pvt. Ltd. and a Full Stack Development Internship at Litmus7 Systems Consulting Pvt. Ltd., delivering a production-ready Catalogue Management System. Passionate about AI-integrated product development, with active practice in Data Structures and Algorithms on LeetCode.

Technical Skills

Programming Languages: Python, JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Next.js, Vite, Tailwind CSS, Bootstrap, Framer Motion, Responsive Web Design

Backend: Node.js, Express.js, FastAPI, RESTful API Design & Integration

Databases: MongoDB, MongoDB Atlas, MySQL, Database Design (DBMS)

AI / Generative AI: Generative AI Application Development, NLP (TextBlob), Sentiment Analysis, AI-Powered Resume Scoring, Prompt Engineering

Tools & Platforms: Git, GitHub, Postman, VS Code, npm, Render, Vercel, GitHub Pages

Core Concepts: CRUD Operations, JWT Authentication & Authorization, API Integration, Full Stack Development (MERN), Data Structures & Algorithms, Problem Solving, Debugging, Agile/Collaborative Development

Experience

Software Engineer Intern – Generative AI

Thought Minds Systems Pvt. Ltd., Kochi

June 2026 – July 2026

- Completed a Generative AI-focused internship, gaining hands-on experience building and integrating GenAI-powered features into full-stack applications.
- Demonstrated strong commitment, proactive problem-solving, and consistent application of AI/ML concepts to real development tasks, earning recognition for excellent conduct and performance.
- Collaborated with the engineering team to design and implement AI-driven solutions following industry-standard coding and development practices.

Full Stack Development Intern

Litmus7 Systems Consulting Pvt. Ltd., Kochi

- Developed and deployed full-stack web applications using HTML, CSS, JavaScript, Python, and MySQL, gaining hands-on exposure to end-to-end software development workflows.
- Designed and implemented a Catalogue Management System with full CRUD functionality, automating data entry, retrieval, and validation to reduce manual updates.
- Integrated responsive frontend interfaces with backend services and APIs using Git and Agile software development methodologies within a cross-functional team.

Projects

- MoodLens – AI-Powered Sentiment Analysis Dashboard – GitHub**
 - Collaborated in a 5-member team (3 backend, 2 frontend) to build an AI-powered sentiment analysis dashboard using React 18, FastAPI, MongoDB, and TextBlob NLP, with JWT-based authentication.
 - Prepared a codebase study guide and delivered a project presentation to mentors, strengthening documentation and technical communication skills.
- TalentLens AI – AI-Powered Recruitment Platform – GitHub**
 - Collaborated in a 5-member team and built a full-stack AI-powered recruitment application using FastAPI, MongoDB Atlas (Motor), and a React/Vite/Tailwind CSS frontend, with a PDF/NLP-based resume scoring pipeline and JWT authentication.
 - Resolved data isolation issues, led a dark-theme UI overhaul, and implemented responsive design across the Dashboard, Create Job, and Job Detail pages.
- AI-Powered Learning Management System – GitHub**
 - Built an AI-powered LMS using Next.js and React.js with reusable, scalable course management components, winning **First Prize** at a college Hackathon.
- Online Course Management Portal (MERN LMS) – GitHub – Live Demo**
 - Built a full-stack LMS platform using the MERN Stack (MongoDB, Express.js, React.js, Node.js) with JWT authentication and role-based access, deployed on Render and Vercel; UI rebuild in progress with a PDFKit-based certificate generator.

Education

B.Tech in Computer Science & Engineering (AI & Data Science)

2024 – Present

Mentor Engineering College, Kerala

CGPA: 7.90

Higher Secondary Education (Science)

2022 – 2024

Kerala State Board

Percentage: 96%

SSLC, Kerala State Board

2022 – Percentage: 97%

Certifications & Achievements

- Software Engineer Internship Certificate (Generative AI)** — Thought Minds Systems Pvt. Ltd.
- Full Stack Development Internship Certificate** — Litmus7 Systems Consulting Pvt. Ltd.
- 5G & Internet of Things (IoT) Workshop Certificate** — IICT GMBH.
- First Prize – Hackathon** for developing an AI-Powered Learning Management System.
